## Description of the learning outcomes<sup>1</sup>:

Please describe the learning outcomes as a result of participating in the event using the following formula and catalogue of concepts. The defined learning outcomes should be easy to verify. It is therefore necessary to avoid too general and too complex expressions, the language of the description should be simple and precise.

### **Knowledge (knows and understands...)<sup>2</sup>**

e.g. the scholarship holder knows / searches for / formulates / explains / recognises / distinguishes / names / selects / translates / indicates

Tetiana Matuskevych knows current European regulations, policies on responsible citizenship competencies development and social responsibility; indicates a variety of practical tools for developing responsible citizenship through education, formulates case study; explains a range of strategies and tools for developing responsible citizenship through education to illuminate the understanding of the complexity of this phenomenon in the EU; searches for development of a conceptual framework to foster responsible citizenship competence development of both individuals and institutions; indicates specialist vocabulary.

### **Skills (can...)<sup>3</sup>**

e.g. the scholarship holder analyses / selects / uses / links / operates / develops / organises / undertakes / calculates / carries out / prepares / solves / implements / verifies / searches for / designs

Tetiana Matuskevych analyses EU educational policies and their strategic goals in the frame of civic engagement through education; develops increased capacity to operate at international level; undertakes increased quality in the preparation, implementation, monitoring and follow up of international projects; implements increased ability to organise own work; carries out search and process information.

### **Social competence (is ready to...)<sup>4</sup>**

e.g. the scholarship holder is eager to /aware of /able to / oriented towards /open to /responsible for /cares about /proceeds according to /strives for

Tetiana Matuskevych aware of the EU values and the European project policies and practices; oriented towards enhanced intercultural awareness; open to improving foreign language competences; cares about improved learning performance; eager to develop increased motivation for taking part in future (formal/non-formal) education or teaching after the mobility period abroad; cares about increased self-empowerment and self-esteem; responsible for more active participation in society.

<sup>1</sup>The learning outcome is what the learner knows, understands and can do as a result of learning, expressed in terms of knowledge, skills and social competence.

<sup>2</sup>**Knowledge** – a collection of descriptions of objects and facts, principles, theories and practices acquired in the learning process and relating to the field of learning or professional activity.

<sup>3</sup>**Skills** – the ability, assimilated in the learning process, to perform tasks and solve problems specific to the field of learning or professional activity.

<sup>4</sup>**Social competence** – the ability to participate autonomously and responsibly in the professional and social life and to shape own development, taking into account the ethical context of own behaviour.
